

Burning Ban in Effect

Due to high fire risk and dry weather conditions, a burning ban is in effect starting April 23, 2025, until further notice.

Prohibited Fires:

- Open fires
- Campfires
- Fire pits
- Burn barrels
- Any other outdoor burning activities

Additionally, please be aware that **ATVs and other off-road vehicles** can also pose a fire risk. We urge everyone to exercise caution and avoid using these vehicles in dry, grassy areas during the ban.

We appreciate your cooperation in adhering to this ban to ensure the safety of our community.
